

LOW AND MODERATE INCOME HOUSING GUIDE

*Prepared by the Fairfax County
Department of Housing and Community Development*

Fairfax County is committed to nondiscrimination on the basis of disability in all county programs, services and activities. Special accommodations will be provided upon request. For information, please call 703-246-5101 or TTY 703-385-3578.

June 2012
A Fairfax County, Va., publication

How to Use This Guide

This publication will help you identify many area properties affordable to low and moderate income households, including both privately-owned and publicly-owned government assisted apartments and town-house communities located in Fairfax County. Many of the complexes offer rent based on household income to families and single persons who meet income and other guidelines. A family is defined as two or more persons related by blood, marriage, or operation of law.

NOTE: If you wish to rent a unit in a complex that rents only a portion of its units based on family income and find that such a unit is not available when you move in, ask the property manager to place your name on the waiting list for one of these units. For information on application procedures and vacancies, contact each complex directly.

Housing Assistance Programs in Fairfax County

The Fairfax County Department of Housing and Community Development (HCD) administers several programs that provide rental housing assistance for low and moderate income families and individuals in Fairfax County, on behalf of the Fairfax County Redevelopment and Housing Authority (FCRHA).

The Housing Choice Voucher, Project-Based Voucher, and Public Housing programs are designed to provide affordable rental housing for low income families. Single persons may also apply; however, priority is given to single persons who are elderly or disabled. In the Housing Choice Voucher Program, families seek and select their own units within program guidelines through participating private landlords. In this program, eligible residents pay approximately 30-40% of their income for rent. In Public Housing, residents have a choice of paying 30% of their income, or a fixed rent based on the development where they will live.

There are waiting lists for all programs; waiting lists may temporarily close to new applicants.

For status on the waiting list, visit our website at www.fairfaxcounty.gov/rha or call the Housing Waiting List Information Line at 703-449-9050 for current information. Placement of applicants on the waiting list is determined by use of the Preference System on page 3. To apply for any of the housing programs, check our website: www.fairfaxcounty.gov/rha, visit us in person, or call 703-385-3662 or TTY 703-385-3578.

Fairfax County Public Housing and Housing Choice Voucher Programs Waiting List System

Local Preferences

Applicants who meet all local preferences are placed ahead of others by date and time of application on FCRHA Public Housing and Housing Choice Voucher wait lists. The local preferences are:

1. Work preference* - head of household or spouse employed, attending school and/or participating in a job training program or a combination of these for at least 20 hours per week; OR 62 years or older; OR meets HUD's definition of being handicapped or disabled; OR is the only adult in the household working less than 20 hours per week and who is the primary caretaker of a disabled dependent;

* Hours worked or in job training have been temporarily reduced from 30 hours, and will return to 30 hours effective May 1, 2012.

2. Residency preference - lives or works in Fairfax County, and /or The City of Falls Church, and/or the City of Fairfax, and/or the Town of Herndon.

3. Rent burden preference - pays more than 30% of gross annual income for rent and utilities or earns less than 50% of area median income;

Note: A person with a disability is a person who: (1) has a physical or mental impairment that substantially limits a major life activity, such as walking, thinking, speaking, breathing, hearing, learning, or working; (2) has a record or history of an impairment that limits a major life activity, even if the person no longer has the disability or if the disability no longer limits a major life activity; or (3) is regarded as having an impairment that limits a major life activity.

Housing Choice Voucher/ Public Housing Homeless Preference

Up to 50% of annual admissions will come from a homeless preference that includes applicants on the waiting list who are referred by human service providers and enrolled in certain human services programs including transitional housing and special needs homeless assistance programs. While these referrals may continue even when the wait lists are closed to the general public, the number of referrals are limited on an annual basis.

Restriction on Assistance to Noncitizens

Under Federal regulations effective June 19, 1995, housing assistance can only be offered to United States citizens, nationals and certain other categories of eligible noncitizens.

Therefore, a signed declaration of U.S. citizenship, or proof of eligible immigration status, must be provided for each household member when the family's application reaches the top of the waiting list and eligibility for the program is determined.

If one or more of the family members elect not to provide proof of eligible immigration status (and other members of the family establish their citizenship or eligible immigration status), the family may be considered for prorated (or reduced) assistance despite the fact that no declaration or documentation of eligible status is submitted by one or more members of the family.

The family, however, must identify the family member or members who elect not to provide proof of eligible immigration status. Additional information on the verification process, submission of required evidence, prorated assistance, and applicant hearing rights will be provided to applicants at the time when their eligibility for housing assistance is being determined.

Public Housing

Applicants are selected in order by preference and date and time of application submitted for this program. For more information, visit our website at: www.fairfaxcounty.gov/rha or call 703-246-5100, TTY users call 703-385-3578.

Fair Housing Facts

There are three federal laws related to the protection of people with disabilities from discriminatory housing practices. They include:

THE FAIR HOUSING ACT

The Fair Housing Act prohibits discrimination based on disability by:

1. Prohibiting discriminatory housing practices
2. Requiring reasonable accommodations to be made; and
3. Requiring certain construction standards for covered multifamily dwellings built for first-time occupancy after March 1991.
